JOINT PROCEDURE ORDER

**SUB: Measures for operation of freight trains consisting of wagons having BMBS-
Revised instructions**

REF: This office letter (JPO) of even no. dated 04.05.2023

Instructions for operation of freight trains consisting of wagons having BMBS was issued vide letter under reference. Mixing of KBIPL design BMBS wagons with other make BMBS & Conventional brake system wagons has been done adequately and upgradation of KBIPL design has also commenced.

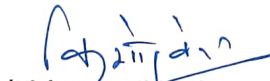

In view of the above, it has been decided to impose speed restrictions only for freight trains operating in loaded conditions on IR track consisting of more than 50% wagons having Knorr Bremse Design (unmodified and modified) Bogie Mounted Brake System (BMBS). Other instructions issued vide letter under reference remains unchanged.

The BPCs issued shall reflect number of wagons in a rake with modified, un-modified KBD BMBS & others and should be mentioned on the top of the BPC along with the combined percentage of KBD BMBS (Modified as well as unmodified).

Speed restrictions will apply only in case percentage of KBD BMBS (modified + unmodified) is equal to or greater than 50%.

These instructions should be brought notice to all concerned and implemented with immediate effect.
