PLEDGE

W hold the earth's energy resources, as a trustee, and it is the duty of every citizen, to utilize the same, in such a way, that we leave behind a better environment, for future generations.

"Therefore, I do hereby, solemnly pledge, that I shall, consciously avoid, any wastage of precious energy, in all its forms, in all spheres of my activities.

I shall also undertake, to spread the message of energy conservation, to avoid unproductive and wasteful use of energy and the benefit of efficient utilization of energy to every consumer, as a dutiful citizen of India".

As part of this mission, I take the following Oath.

- I shall switch off the electrical appliances when not needed.
- I shall use LED fittings instead of incandescent lamps/CFL.
- I shall purchase "star rated electrical appliances" only
- I shall use "SOLAR ENERGY" as much as possible.
- I shall try to make use of natural light during daytime.
- I shall always try to **SAVE ELECTRICITY** at my home & **PLACE** of Work and Surroundings.
