

Issues in regard with Remittance of EFT cash through Trip-ID from 01.08.2023

Sl .	Issues	Steps to be Taken
1	Rs.15/- coupon Books are being used for collecting Reservation Fee for Second Seating. There is no provision for issuing of these Money value Books through Lobby. As such, Remittance of Cash collected by Ticket Checking Staff through Rs.15/- coupons is not possible through Trip ID.	Till Rs.15/- Coupons are included for issuing through lobby, EFT may be used for collecting Reservation Fee in 2S class.
2	At present staff working in Squads are being allotted "Free Duty". Normally Squad staff work in multiple legs in a given day. At present if "Free Duty" is assigned, TRIP ID is generated for one beat of journey and Trip ID is active till remittance of EFT Cash. Once cash is remitted through Trip ID, further remittance is not possible on same date. EX: Squad TTE Worked from SC to KZJ and remitted his cash at KZJ after signing off. He is again performing his duty from KZJ to SC	Lobby Admin to allot another Duty in lobby so as to enable Trip ID for second trip (Eg: KZJ to SC) Based on number of Trips, lobby Admin has to assign 'Free duties' for Squad staff accordingly Eg: If same staff performs further duty from SC to LPI etc.
3	If Squad staff performs duty upto non-lobby location and remit cash and board another train from same station for checking further, while remitting his cash through Trip ID it is displaying the cash which is already remitted. Eg: Worked from SC to BG (non-lobby location) and remitted cash at BG. Again performed duty from BG to SC.	Lobby Admin to Sign-OFF (Proxy by Admin) for BG Station Assign free duty for return trip and Sign-ON (Proxy by Admin). Sign-off to be done by Squad TTE at SC
