## OFFICE OF CHIEF ADMINISTRATIVE OFFICER/ PTS
### STATE ENTRY ROAD, IRCA BUILDING
### NEW DELHI-110055

No: CAO/ PTS/ 113/ UTS/ Modernization/ IR/ 2018/ Pt-1        **Dated**: 18.01.2024

**Principal Chief Commercial Manager(s)**
(All Zonal Railways)

**Subject:**     **Details of Tier-1 network locations required for all UTS locations.**
**Reference:**   GM/ UTS/ CRIS letter No. CRIS/ HQ/ PRJT/ 241/ 2023-UTS dated 22.12.2023.
             --(copy enclosed)

       Under the work of "Hardware replacement & Modernization of UTS project on Indian Railways", the existing CUI (Character User Interface) based UTS applications i.e. Ticketing, Database administration, Bin management, Station coaching balance sheet, Accounting & MIS reports have been developed in GUI (Graphical User Interface) by CRIS. For switching over to the GUI application, augmentation of network bandwidth at Tier-1 locations is required, immediately.

2.       In order to analyze the requirement of additional bandwidth at Tier-1 locations, Zonal Railways are requested to kindly provide the details of Tier-1 network locations along with the number of UTS terminals against each UTS location over your respective Zonal Railway **by 31st January 2024** in the format given below, so that bandwidth requirement can be assessed for smooth implementation of GUI based UTS application across Indian Railways.

| SN | Zone Code | Division Code | UTS Location Name | UTS Location Code | Concerned Tier1 Network Location | Number of UTS Terminals |
|----|-----------|---------------|-------------------|-------------------|----------------------------------|-------------------------|
| 1. | | | | | | |
| 2. | | | | | | |

Encl: As above.

No. CRIS/HQ/PRJT/241/2023-UTS

Dated: 22.12.2023

**Chief Administrative Officer/PTS**
**New Delhi**

**Sub:** **Detail of Tier 1 network locations required for all UTS locations.**

For existing UTS applications in thin clients, character user interface (CUI) is provided for ticketing with database administration (DBA) applications for supervisor for defining operator, agents, bin management, station coaching balance sheet, accounting and MIS reports. However, with the ongoing UTS Modernization, the above applications will be switched to graphical user interface (GUI) which requires augmentation of network bandwidth.

In view of above, CAO/PTS is requested to provide details of Tier 1 network locations along with number of UTS terminals against each UTS location of Indian Railways and Konkan Railway within a week time in enclosed format so that bandwidth requirement can be calculated for smooth running of UTS applications across Indian Railways and Konkan Railway.
