With reference to the above subject it is noticed that UTS journey tickets and platform tickets are tampered and the manual entry of fare destination are written in ink and also such altered tickets were being issued to passengers between DNR and DDU stations .

So in this connection the ticket checking staff are advised to look into such aspects during checking on trains and at stations , and concentrate on trains coming from such stations /routes . Therefore it is instructed that the concerned ticket checking staff should detect such type of cases to curb fraudulent activities
