Sub : Fines collected for violating ban on smoking and littering in trains and railway premises – Reg.

On perusal of Ticket checking cases, it is observed that fines collected for violating ban on smoking and Littering cases for the last six months of calendar year 2023 is only 8537 cases (staff of all departments).

As a part of regular ticket checking duties, Ticket checking staff have to see for violations of smoking, littering and penalize such violations. This will have a deterrent effect on such violators. Further, cases of unbooked luggage at stations and in trains should also be booked. Ticket checking staff should also conduct random checks if passengers are carrying inflammable/other prohibited articles etc., and if any such articles are found, the same should be brought to the notice of RPF/GRP immediately for further action.

Kindly notify to all concerned for strict compliance.
