for Principal Chief Commercial

Manager.

**21. 159/21/2022 :-** Abnormal hike in parking charges for parking two/four wheelers of Railway employees at SC, HYB, MMTS and other Major Railway stations over South Central Railway -reg.

PC CM, PCOM

At Secunderabad, Hyderabad & MMTS Railway Stations, no parking space has been earmarked to the on-duty railway employees for parking their vehicles viz., Two/Four Wheelers as the vacant railway land area available surrounding to the station premises has been allotted to private parties for carrying out commercial activities. But however, a provision has been made to the railway employees for parking their vehicles in the Parking Area run by private parties by collecting monthly charges of Rs.200/- from each employee.

It is reported that Private Contractors operating the Parking Areas at SC, HYB, MMTS and other major stations over S.C.Railway, have been demanding the parking charges @ Rs.800/- from each employee, which is exorbitant and such rate cannot be afforded by the employees. The administrative machinery at all levels should intervene in the matter in suitably advising the Private Contractors not to penalize railway staff.

Further, SCRES conveys that approximately 570 employees of Ticket Checking Category have been performing duties round the clock under the supervision of CTI/SL/BZA, CTV/COR/Depot & CTI/STN and no parking facility at Vijayawada Railway Station Premises has been provided for parking their vehicles and staff are compelled to park their vehicles at ROB cycle stand by paying an amount of Rs.260/- per month. It is learnt that at Old Jack-Jill School Ground and Railway Hospital Premises, vacant railway land is available and in case the same is converted as parking area of vehicles of Ticket Checking Staff, the problem presently faced by staff can be overcome.

SCRE Sangh, therefore, seeks intervention of the administration in earmarking parking space available at all major station premises for parking the vehicles of on-duty staff, or in the alternative, the Private Contractors be directed to permit parking the vehicles of staff on nominal charges.
