Sub: Station specific QR codes for obtaining unreserved tickets through
"UTS" mobile app – displaying at all stations in the booking area – Reg.
Ref: CCM/PM's Ir. No. C/CR/UTS/Mobile Ticketing/2019 dt. 08.11.2022

During the course of inspection of GM on 25/09/2022 at NED division, it was noticed that QR codes for obtaining tickets through "UTS" mobile app were not available at some of the stations.

In this connection, instructions are once again reiterated that station specific QR codes through which a passenger, who is also in the station premises can obtain tickets through "UTS" mobile app should be displayed conspicuously at booking area places at all stations without fail.

These station specific QR codes have already been shared with all stations earlier. In case of any clarifications/requirement, Stations concerned may contact Divisional Office or Console/UTS database at Headquarters. Compliance of the instructions shall be submitted to this office through Section CCIs on or before 25.11.2022
