

Indian train journey.

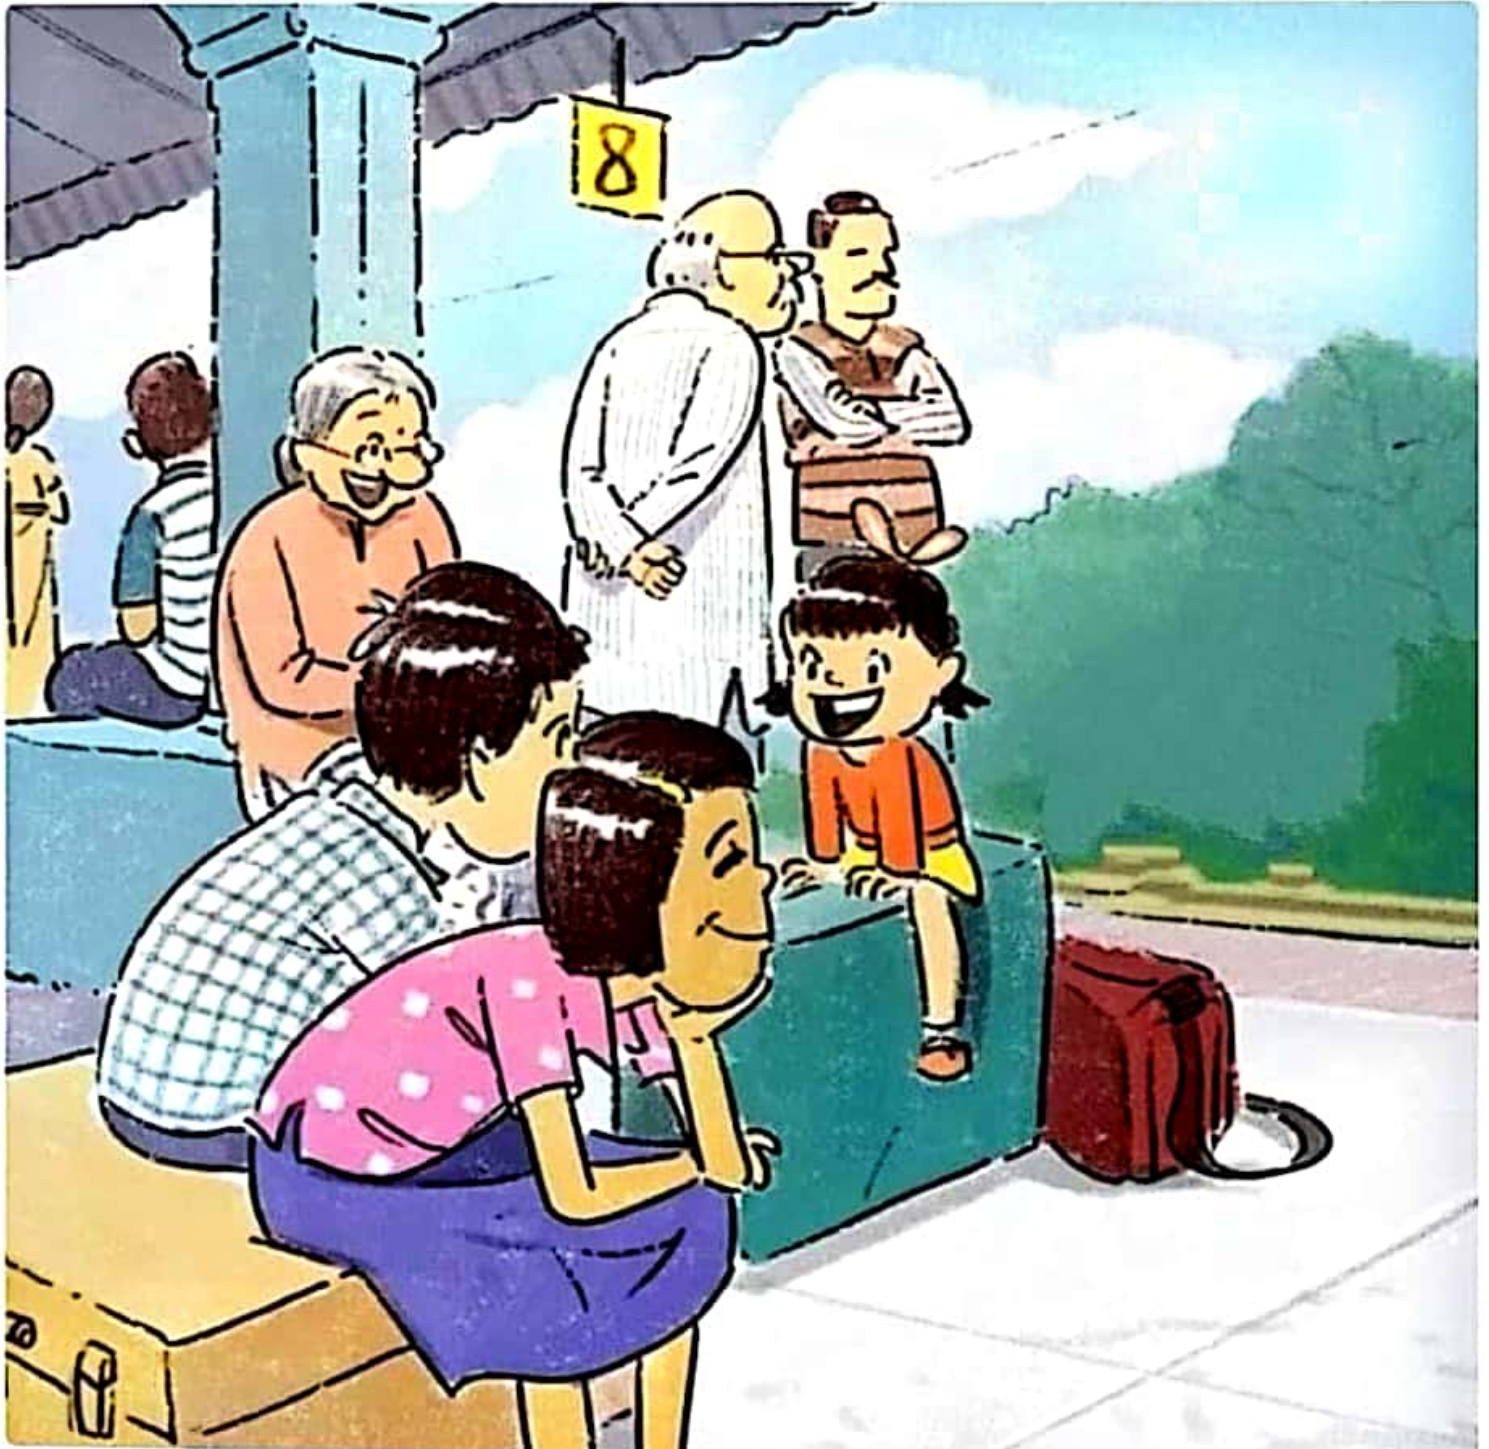

1. Pestering Mom or Dad for spare change just to check my weight.

2. The book station on the platform, and all its irresistible comics!

3. Using Dadaji's trunk as our own special seat.

4. The thrill of finding our names on the list !

5. Counting our bags, then chaining them in.

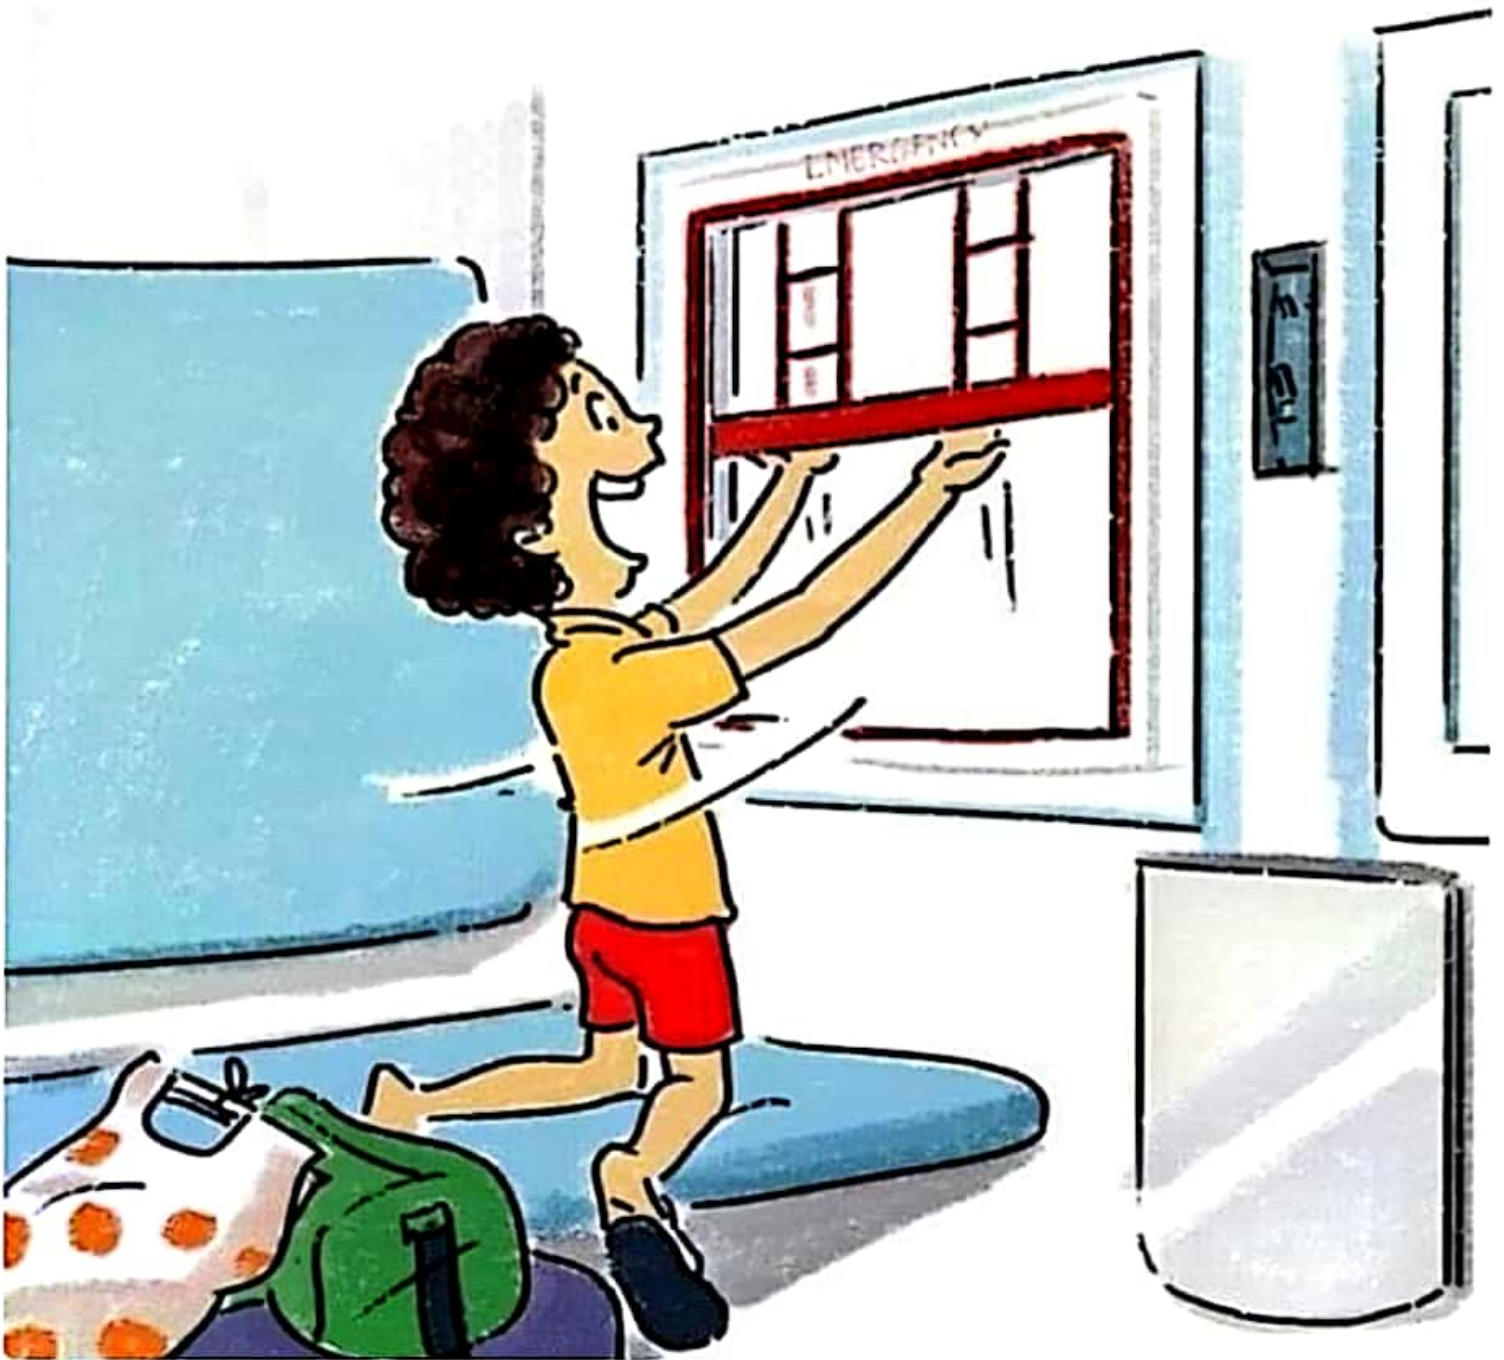

6. A mandatory game of hide-and-seek with my chappals.

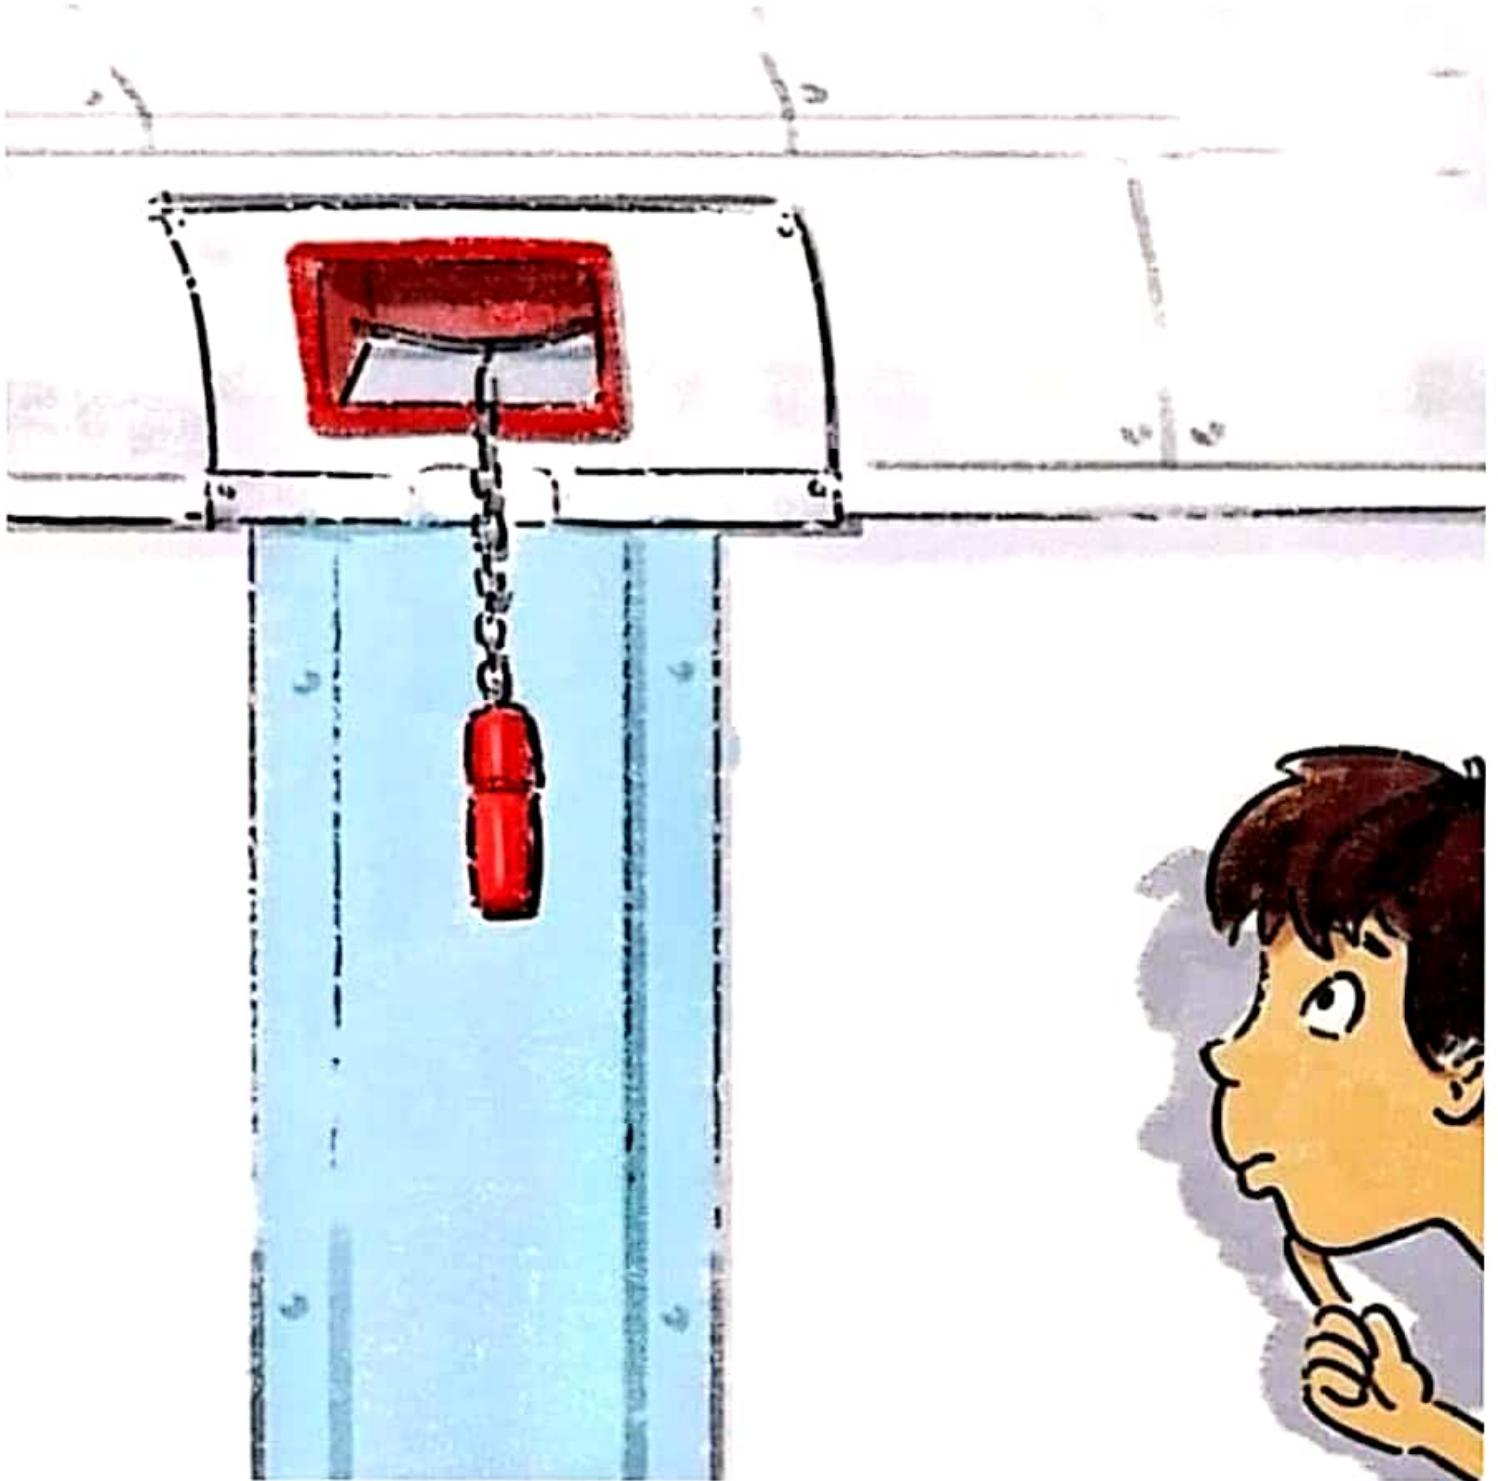

7. A view worth fighting for

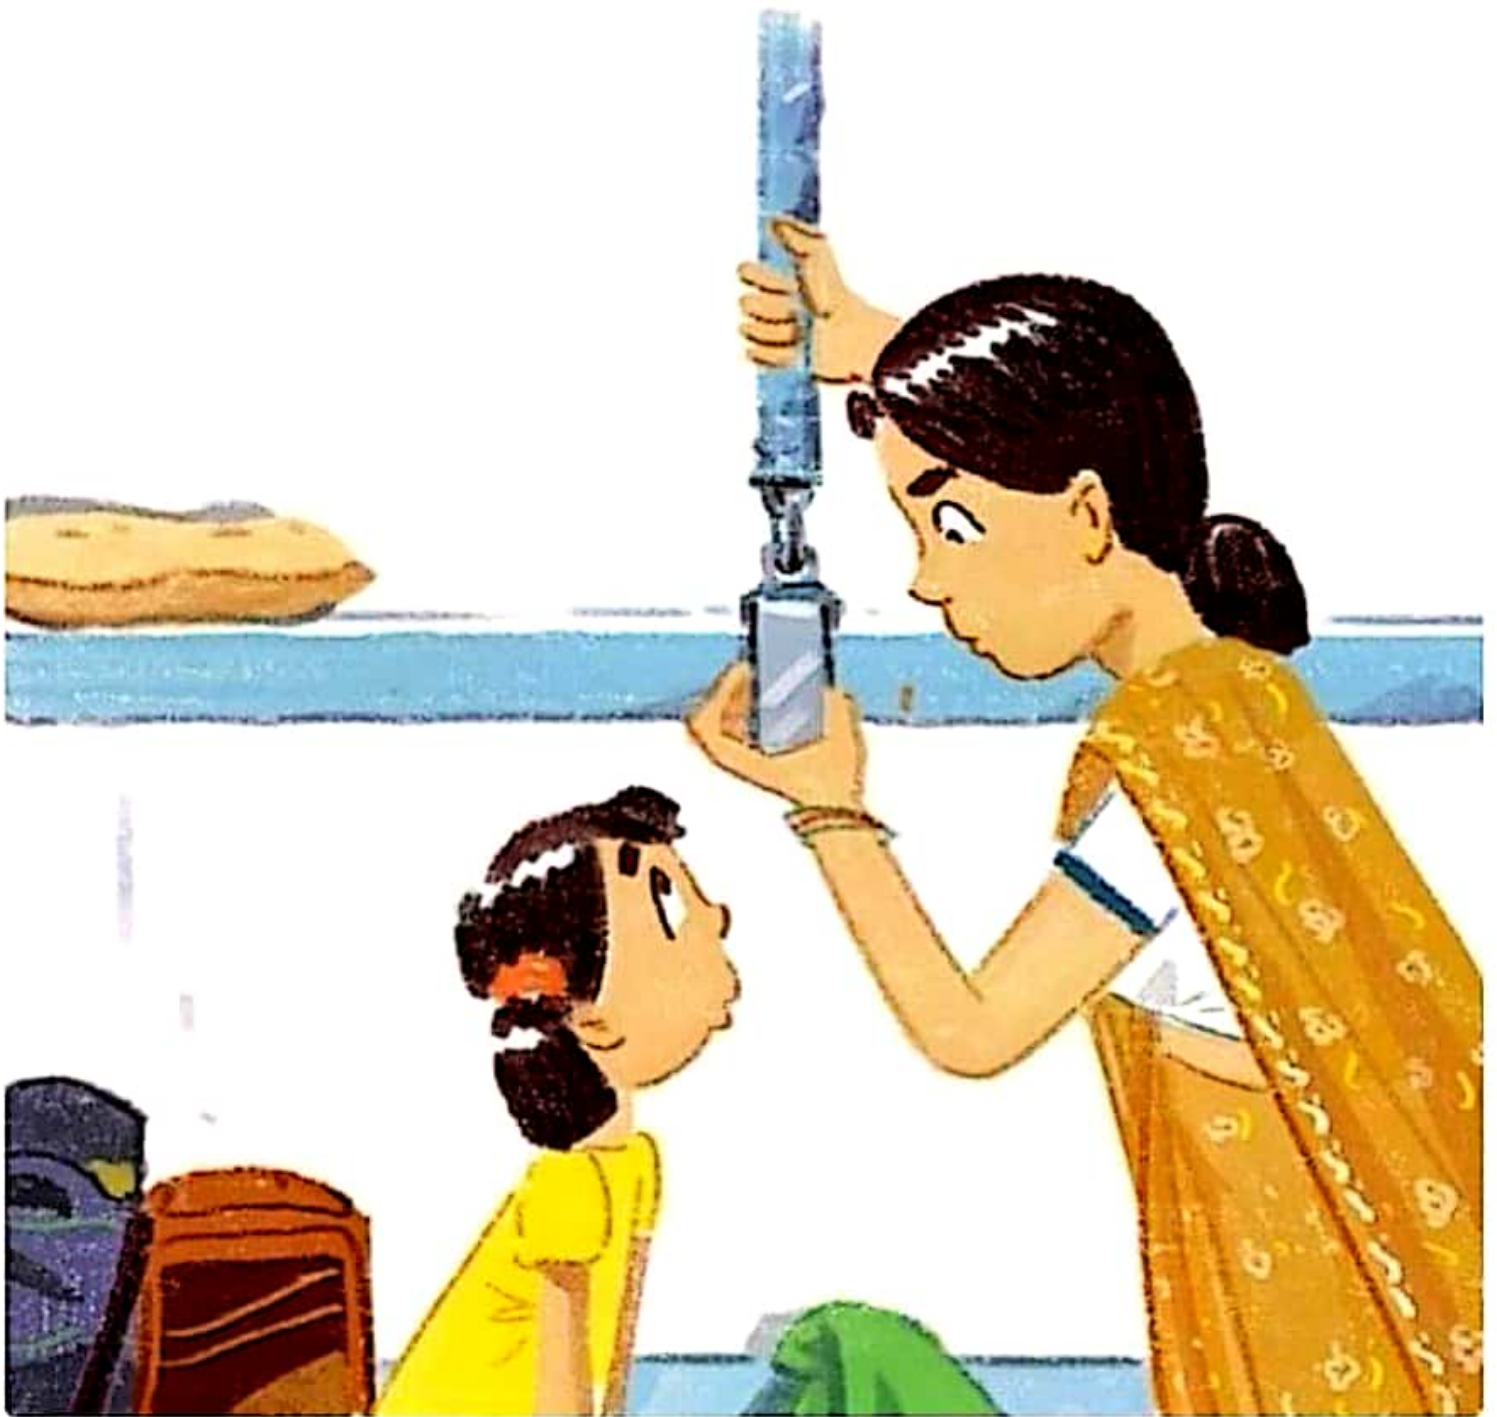

8. The best part about this window ? No bars !

9. Should I ? Shouldn't I ?

10. That time of night, when we brought out the middle berth.

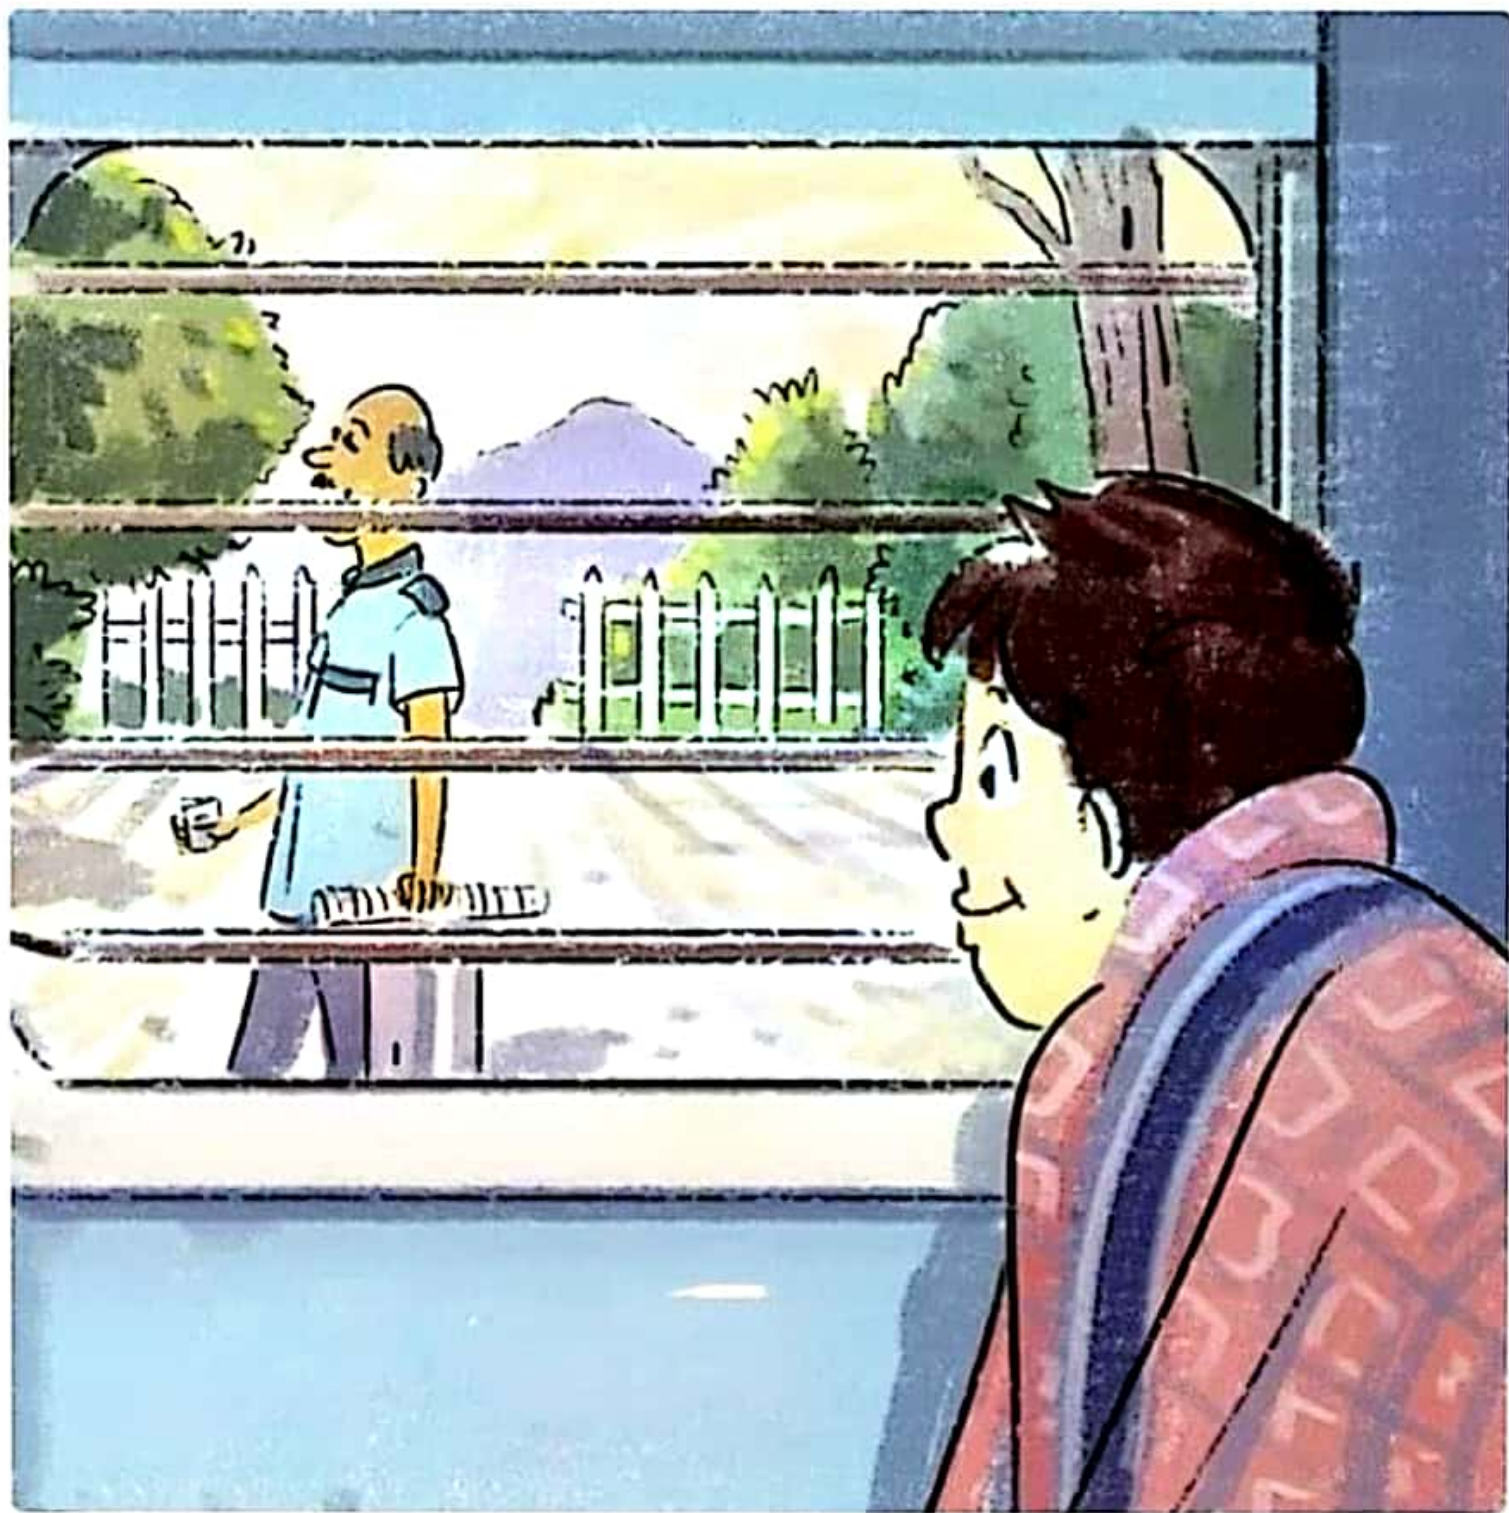

11. Our wobbly knees between two bobbing compartments.

12. Honing that special skill of putting paste on my brush in a moving train.

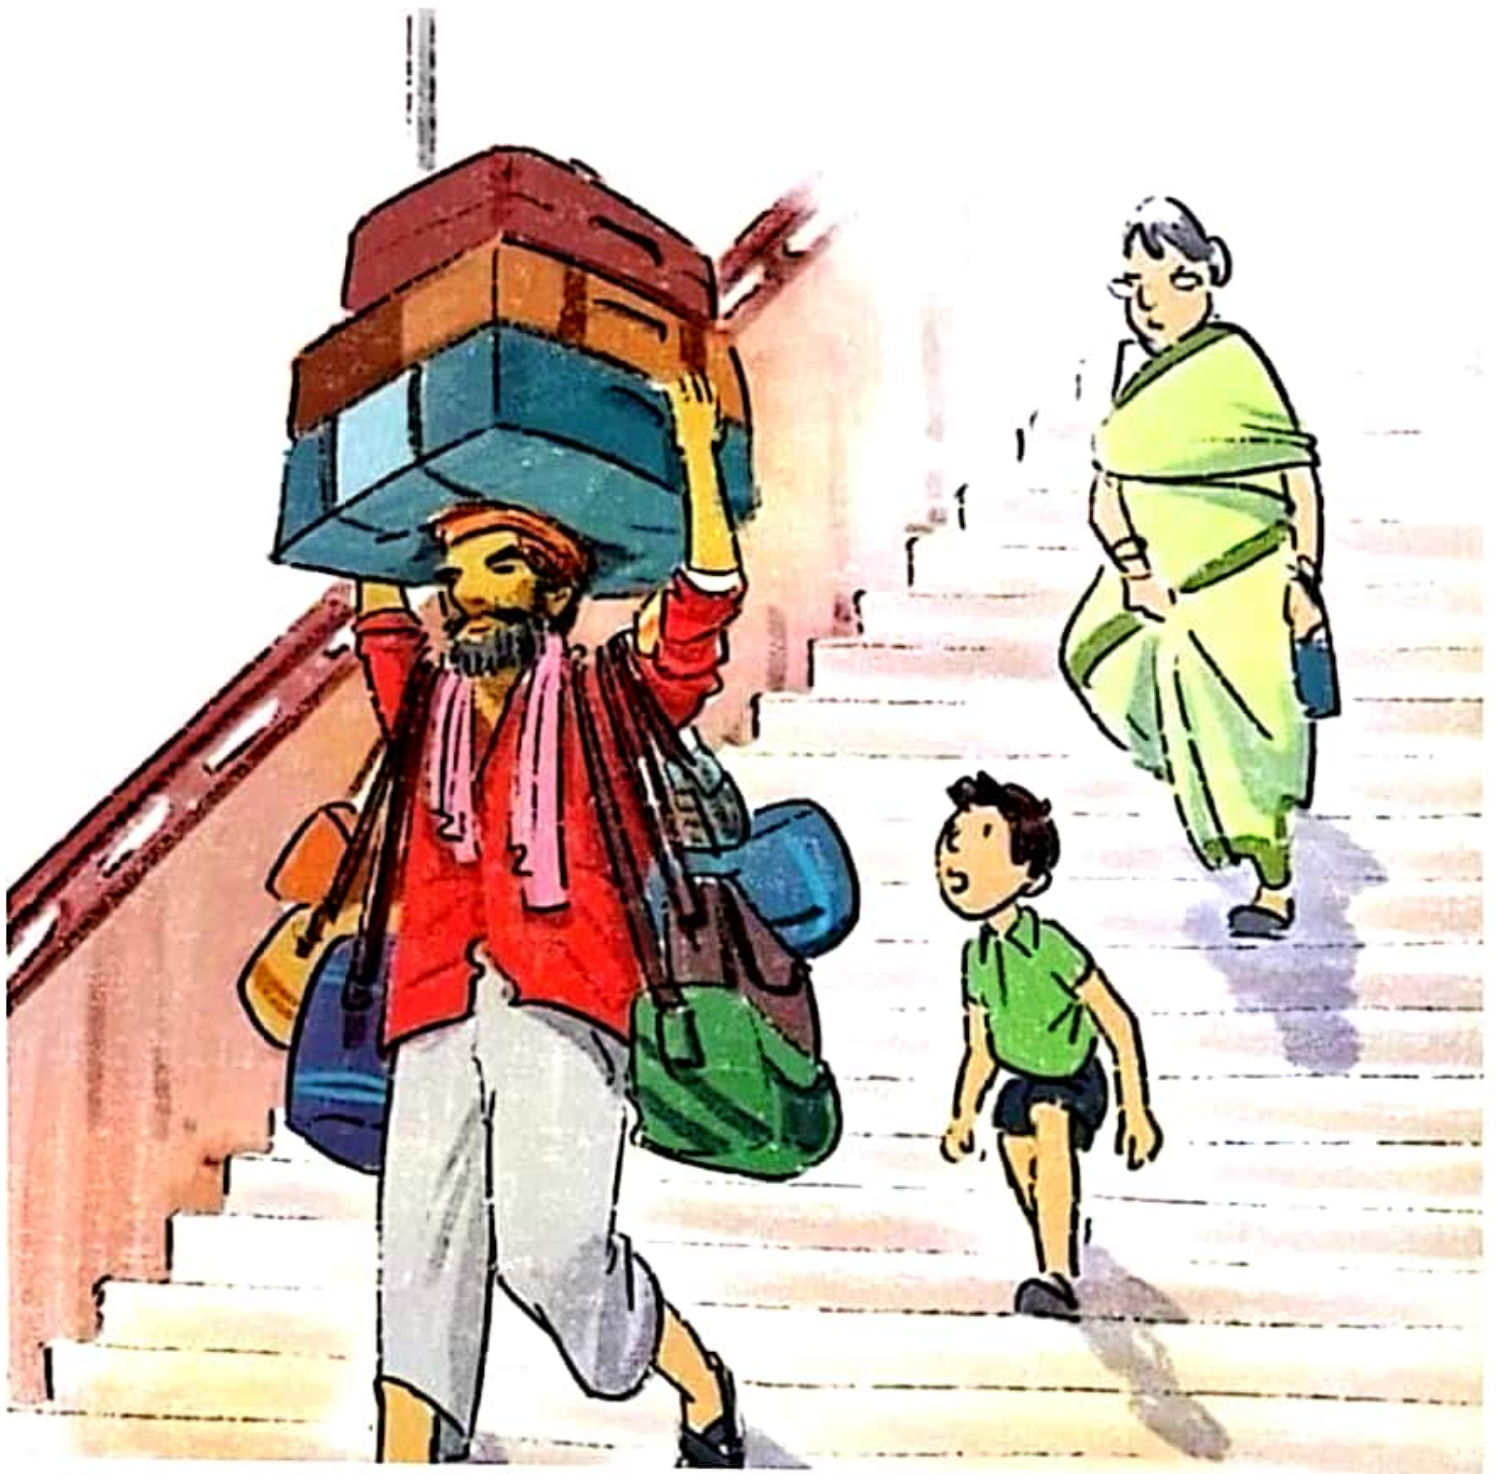

13. The sweet alarm that sang, "Chaii, Chaii, Garma garam Chaii"

14. The small ritual that brought in meal times!

15. Always finding awe in his superhuman strength !

Finally, reached home. :)
